

GYRO International
East District
Office of the District Governor

To the Gyro Officers and Members in the East District Clubs

I am writing to formally introduce myself in the newly established role of East District Governor within the Gyro International. This position was created to strengthen communication, support, and connection across our district, while honoring the independence and traditions that make each club unique.

My purpose in this role is straightforward: to serve as a resource, an advocate, and a point of contact whenever your club wishes to engage with District or International activities. I recognize that each club has its own preferred level of involvement. Some enjoy active collaboration, while others prefer to operate quietly and independently, both approaches are respected.

I want to assure you that this role is supportive, **not supervisory**. I will not impose expectations or obligations. Instead, I will be available to assist when needed, share information that may benefit your club, and represent our district faithfully within Gyro International.

You are welcome to reach out at any time whether for support, questions, or simply stay connected.

I look forward to serving you in this role and supporting the continued friendship and fellowship that define GYRO.

In Friendship

JD Dawson

East Governor

Gyro International
